SUGGESTION.

"Pull up a doubt and you'll find sin at the root."

ESTABLISHED 1833. FORT WAYNE, IND., TUESDAY, JUNE 10, 1902. PRICE TWO CENTS

A HORRIBLE FATE

MANY PERSONS DIE IN FIRE IN SANITARIUM.

HORROR OF A CHICAGO BLAZE

A HOSPITAL FOR DRUG AND DRINK VICTIMS BURNS.

PATIENTS WERE MANACLED

PENNED IN BY IRON BARS, ESCAPE IS IMPOSSIBLE.

Chicago, June 10.—Of the thirty-four persons injured in the St. Luke Society hospital fire yesterday it is feared that three will die, thus bringing the total of deaths to thirteen.

THE DYING AND DEAD.

Those reported in a critical condition today were:

T. T. Mears, Enosburg Falls, Vt., badly burned about face, hands and body.

A. W. Wattles, Chicago, badly burned and bruised.

Mrs. Amelia Wilson, Chicago, badly burned.

The other thirty-one injured persons were reported better of their hurts, but most of them were still badly shaken in their nerves by the horror of what they endured and witnessed yesterday.

The list as far as known at present, although it is probable that the list of dead will be increased later, is as follows:

—The Dead.—

S. J. Newell.
Carl A. Carlson.
Joseph Harrington.
Samuel Dalzell.
Dr. J. T. Stanton.
George A. Ribbeck, Hillsdale, Mich.
William Kent, alderman of the Fourth ward, Chicago.
John B. Knapman.
Mrs. M. Baumann.
B. H. Boyd, 75 years of age and member of the medical staff of the institution.

MEN UNDER ARREST.

The eight men arrested last night were still held today, including O. E. Miller, president of the St. Luke society. Miller is said to have lived in Denver at one time, where he was in the banking business. A search of the records of the health department today failed to discover any record showing that the hospital had been licensed according to the law.

Coroner Traeger today sent his deputies to view the victims of the fire and decided to postpone the inquest for a few days till a complete investigation has been made.

"There will be a full investigation," said the coroner, "and it may make somebody uncomfortable. We will endeavor to discover if the patients were strapped down, as reported, and if there was a sufficient number of attendants. If any one of the deaths was due to negligence, the guilty person or persons will be made to pay the penalty."

A PITIABLE CASE.

Perhaps the most pitiable of all the deaths was that of Alderman "Blind Billy" Kent. Not only was he blind, but he was incased in a straight-jacket, with his hands strapped to his waist. Kent was an astute politician, had been a member of the state legislature and was a delegate to the republican national conventions of 1884, 1888 and 1892. His blindness was due to a gunshot wound received at the hands of a saloonkeeper.

Samuel K. Markham, attorney for the men under arrest, said today that the society had applied several times for a hospital license, but had always been refused because the people in the neighborhood of the hospital objected to the location of such an institution near them. He said that Mr. Miller applied for a license after the society moved into the Hotel Woodruff, but had not received it.

The society occupied the building which was long known as the Hotel Woodruff, and for a brief period as the Hotel Lancaster. It was a five-story structure. By far the greater portion of the patients received in the institution were those seeking cure from the drink habit and those who were addicted to the use of drugs. When the fire broke out there were on the fifth floor a number of patients suffering from delirium tremens and some who were deranged by drugs. Several of these were strapped to their beds and it was found impossible to save them, so rapidly did the fire spread through the building.

ORIGIN OF FIRE.

The fire originated in the basement of the building and spread rapidly to the upper stories through the elevator shaft.

As the cry of fire rang through the building patients sprang from their beds, and before they could be prevented several had jumped from the windows to the pavement. The fire department was on the scene within a few minutes, and as the windows were filled with people shrieking for help, the firemen devoted their first efforts to save lives and allowed the fire to burn. While this was the means of saving a large number of people, who were carried down the ladders by the firemen, it gave the fire such headway that there was almost no chance for those on the upper floors of the building to make their escape, and such of them as were not suffocated were killed or badly injured by leaping from the windows.

WROUGHT CROWD TO MADNESS.

A scene that wrought to the pitch of madness the great crowd that had gathered around the building was enacted at a fourth-story window on the north side. Across this window was a heavy wire screen, and on the outside of the screen were iron bars running parallel to the sill. The space between these bars was too small to allow the passage of even a small boy, and behind them were gathered a crowd of men whose numbers were afterward found to be between twenty-five and thirty.

The efforts of the imprisoned inmates to tear away the screen which barred their way to life, wrought the crowd on the streets below to a pitch of madness. Desperately the men fought at the cruel barrier and finally it was wrenched away. Then the iron bars were attacked with insane zeal and superhuman efforts of the fear-crazed prisoners won the victory and a means of egress achieved. Through this window many made thrilling escape.

The case against W. W. Steiner, charged with making and passing counterfeit money was transferred to Indianapolis, after the court had awaited defendant' arrival for some time.

PLAN BIG BANK COMBINE.

New York, June 10.—The North American Trust company, of New York, is promoting a gigantic combination of national banks of the country, which is to include one national bank in each financial center and state capital. The combination will be known as the American Bankers' corporation, which has been chartered quietly under the general corporation act of New Jersey, with a capital of $5,000,000. The charter provides for a surplus of $45,000,000.

The scheme is the outcome of the branch banking movement.

BRIDGE MEN ON STRIKE.

New York, June 10.—Six hundred employes of the Empire Bridge Co., Williamsburg, have struck for recognition of their union. It is said their action will delay work on many bridges in the west.

SEES PRESIDENT

SENATOR HANNA TALKS OF HIS TROUBLES.

HIS QUARREL WITH BURTON

SENATOR SAYS HIS FRIENDS HAVE DONE NO WRONG.

THE CONFERENCE WAS LONG

SENATOR VERY TALKATIVE AT THE CLOSE.

Washington, June 10.—Senator Hanna had a long conference with the president today. At the conclusion of the interview he talked freely regarding the published intention of Mr. Burton, of Ohio, to withdraw from the race for congress owing to the fact that he had not been permitted to name the chairman of the district committee. "I do not want to criticise Mr. Burton," said the senator, "but I do not believe his charges are well founded, nor do I want to make that subject a national matter. The whole thing is absurd."

Senator Hanna declared that Mr. Burton never spoke to him about the matter of having a candidate of his own until last Friday morning. The election was to take place at 2 o'clock that afternoon and Senator Hanna said he sent a telegram to Cleveland asking that a compromise be effected, if possible.

"A mistake in transmission made the initials in the dispatch incorrect," continued Mr. Hanna, "and the message was regarded as a fake and no attention paid to it. But even if I had been there they would have paid no attention to me."

Senator Hanna also stated that the civil service commission had examined into Mr. Burton's charges that certain federal office-holders in Ohio had taken an active part in politics and had failed to find anything in them that constituted a violation of the civil service law. As a result, the president has concluded not to send letters to the Cleveland officials censuring them for pernicious activity in politics. With some warmth Senator Hanna said: "The mere fact that a man holds public office does not necessarily mean that he should resign his rights of citizenship."

He said he was going to Ohio shortly to attend the wedding of his daughter and that James R. Garfield, of the civil service commission, is to accompany him, the latter to pay a visit to his (Mr. Garfield's) family.

The senator scouted the idea of his falling out with the president on this matter and seemed to feel that he had been put in a false light through Mr. Burton's action.

Senator Hanna is usually exceedingly reticent when leaving the white house, but today he spoke freely and had apparently no desire to withhold anything bearing on this matter.

He also discussed Cuban reciprocity and the coal strike with the president, but he had nothing to say for publication on these subjects.

Charles Leach, collector of the port of Cleveland and one of the men against whom Mr. Burton is said to have filed charges, arrived here this morning and was in consultation with Senator Hanna before he went to the white house.

IN THE SENATE.

Washington, June 10.—The senate today passed the naval appropriation bill, after adopting some amendments. The Nicaragua canal bill was then taken up and Mr. Turner, of Washington, spoke in favor of the Nicaragua route.

At the conclusion of Mr. Perkins' speech, without further comment, the committee amendment as to the building of two each of battleships, of cruisers and gunboats was agreed to.

An amendment offered by Mr. Mallory (Fla.) appropriating $100,000 for a fireproof building at the Pensacola navy yard was agreed to. Without further amendment the bill as amended was passed.

The London dock charges bill then was taken up and after some minor amendments had been agreed to, Mr. Hale presented objections to the measure.

Without action on the bill at 2 o'clock the isthmian canal bill was laid before the senate and Mr. Turner (Wash.) spoke in favor of the construction of the Nicaragua canal.

IN THE HOUSE.

Washington, June 10.—The house today in committee of the whole considered the proposition to establish a forest reserve in the southern Appalachians. Mr. Cannon, of Illinois, chairman of the committee on appropriations, made a strong speech against the bill. He paid a high tribute to President Roosevelt, but urged that the passage of the bill would beget extravagance, and there was expenditure in sight for every cent of revenue. He begged the house to "cut off the head of this bill close behind the ears." The house voted recommendation that the exacting clause be stricken out and upon report to the house the recommendation was concurred in.

Mr. Dalzell, of Pennsylvania, then presented the special order for the consideration of the Corliss Pacific cable bill. By its terms four hours were to be allowed for general debate and any Pacific cable proposition was made germane to it.

CLASSES FIGHT FOR A FLAG

LIVELY SCRIMMAGE AT HIGH SCHOOL TODAY.

Sophomore Banner Torn Down by Juniors and Mix-up of Students and Faculty Ensues.

A lively class fight occurred this morning at the high school over the possession of a class banner, and as a result a member of the faculty was slightly injured and five young men who took an active part in the trouble were "canned out," as they express it at high school.

The trouble began this morning when the sophomores tried to raise their flag in the assembly room. The class flag was concealed behind a map in the front part of the room and attached to it was a long string in the hands of one of the sophomores, who had instructions to raise the banner at a signal as the class was singing "America." At the proper time the flag suddenly appeared from behind the map and began to ascend. Several juniors in the front seats were awaiting their opportunity and as soon as the flag appeared they made a concerted rush to capture it.

As has been the custom for a long time, the seniors and sophomores combine against the juniors and freshmen and no sooner had the juniors captured the flag than the seniors took a hand in the scrimmage, and for a few moments there was nothing visible of the combatants except a confused mass of legs and arms as the representatives of the two classes struggled for the possession of the coveted flag.

Prof. C. T. Lane and Prof. A. B. Crow attempted to separate the combatants at this point and were roughly handled. The juniors retained possession of the banner, however, and they intend to keep it as a class relic. In spite of the fact that their banner was being taken from them, the sophomores made no attempt to rescue it, and left all the fighting for their side to be done by the seniors. When quiet had been restored, Prof. Lane singled out five ringleaders and gave them permission to enjoy the fresh air outside for an indefinite period.

The trouble was renewed this afternoon in front of the high school, just before the bell rang for the beginning of the afternoon sessions. The members of the junior class having the flag in their possession, was discovered by several seniors and sophomores, and in the attempt to regain possession of it, a small riot occurred, participated in by a large number of students. A hurry call was sent to police headquarters from the high school, but when an officer arrived, things had quieted down.

POSTMASTER PAGE EXPLAINS.

Postmaster Page wishes to explain to such as are interested, in connection with the proposed establishment of seven numbered stations as auxiliary to the local postal service, that this innovation is introduced entirely for the purpose of accommodating people living in suburban districts and who cannot, without hardship, frequently visit the postoffice. The plan is to locate these stations at points a mile or more remote from the postoffice in every case. They must be at drug stores, whenever that is possible, in order that the service may be available from early morning till late at night. In one or two instances, it was not found practicable to exceed the mile limit, but most of the stations are from a mile to a mile and a half distant from the postoffice.

The ladies of Plymouth Congregational church will give a lawn social Friday evening at the home of Mrs. Ruhl, corner of Harrison and Lewis streets.

Gregg Davis has returned from a business visit in Garrett.

DAYS OF LONG AGO

RECALLED BY REUNION OF ALLEN COUNTY PIONEERS.

MEET IN FORT WAYNE TODAY

OLD SETTLERS' ASSOCIATION IS IN SESSION.

MANY ENJOYABLE FEATURES

OFFICERS ARE CHOSEN FOR THE ENSUING YEAR.

The old settlers of Allen county, pioneers who for more than half a century have witnessed and participated in the growth and progress of this section, are gathered in Fort Wayne today to renew old friendships, clasp hands with friends of former years and to hear once more the ever-new anecdotes of pioneer days. It is the first annual reunion of the Old Settlers' association of Allen county, and it has brought together a great assemblage of the sturdy sons and daughters of long ago.

The promise of fair weather had the effect of bringing the old people together early. The morning program was set to begin at the court house assembly room at 10 o'clock, and long before that hour the pioneers were in evidence about the big county building. A registration desk was established in the corridor near the assembly room, and here the visitors called to register, pay the annual dues and receive the handsome badge which had been selected for the occasion.

Shortly after 9 o'clock a hack whirled down Calhoun street and stopped at the Calhoun street entrance of the building. Officers of the Old Settlers' association hurried out to meet the carriage, and it required but a moment for spectaters there to discover that the occupants of the hack were persons of distinction. Then there was a rush for the doors, and for an hour the occupants were besieged by the throng which crowded about them, shaking hands, asking innumerable questions and showing the liveliest sort of interest in the visitors.

KIL-SO-QUAH IS HERE.

The central figure in the carriage was Kil-So-Quah, granddaughter of the famous chief Little Turtle, or Mecchannoquah. This venerable Indian woman, 90 years of age last month, is a remarkable character. With her was her son, Anthony Revarre and his wife, and Mrs. Louisa Neeb, a descendant of old Chief Godfrey.

Kil-So-Quah is better known as Mrs. Revarre, and she resides with her son near Roanoke. She was the daughter of Wak-Shin-Go, a son of Little Turtle, and was born in Wabash county. Her husband died fifty-two years ago. Her Indian name, Kil-So-Quah, is said to signify "Rising Sun," and though more than ninety years of age and speaking no English save an occasional disconnected word, she evidently enjoyed the attentions of the people today and shook hands heartily with all who came up to the carriage.

The party came in from Roanoke on the interurban this morning, and were met at Broadway and Taylor street by the carriage which conveyed them to the court house. Kil-So-Quah is greatly enfeebled physically, though her appearance by no means indicates the weight of years which rests upon her shoulders. She is short of stature, inclined to be stout, wears silver-bowed spectacles, and hobbles about with much difficulty with the aid of a cane. It was necessary today to support the aged Indian woman whenever she moved about. Her dress was of plain black material. Over her shoulders was a light shawl, and upon her head was tied a bandanna handkerchief of bright hue. Her face is deeply wrinkled, but the straight black hair scarcely shows a trace of gray. She was escorted into the assembly room and with Mrs. Neeb occupied a prominent place upon the platform, paying little or no attention, however, to the proceedings. It required much persuasion to get the aged Indian woman to undertake the trip to Fort Wayne on account of her feeble condition. Her time at home is for the most part occupied in the manufacture of quilts, and she is an expert with the needle.

ELECTED NEW OFFICERS.

President Vordermark called the meeting at the court house to order at 10:30 o'clock, and the minutes of the meeting for organization held last September were approved after reading by the secretary, L. P. Stapleford. There was little business to transact aside from the election of new officers for the coming year, and this was quickly accomplished as follows:

President—John Dalman.
Vice President—James C. Peltier.
Secretary—Joseph Mommer.
Treasurer—John W. Vordermark.

The honorary life president, Louis Peltier, and the honorary life vice president, Mrs. Lucien P. Ferry, the two oldest citizens of the county, occupied places upon the platform and were gracefully referred to in the remarks of President Vordermark.

It was determined that the township vice presidents who had served during the past year be re-elected, and provision was made for the incoming president to fill any vacancies that might occur. The list so far as selected is as follows:

Aboit—Wilson Clark.
Adams—W. S. Rogers.
Cedar Creek—Wesley Johnson.
Pleasant—Thomas Greer.
Lafayette—Peter Nicodemus.
Lake—Elisha Smith.

CONCORDIA GETS $56,000

BIG FUND IS VOTED TO FORT WAYNE COLLEGE.

Synod at Milwaukee Takes Action—Will be Used for New Lecture Building.

The Missouri synod of the Lutheran church, in session at Milwaukee last evening, voted to appropriate the sum of $56,000 for the erection of new buildings for Concordia college in Fort Wayne, and for the repair of buildings already upon the grounds.

Little additional information has yet been received in the city, but it is understood that of this sum $44,000 is for the erection of a new lecture hall, and the remainder of the sum will be expended on repairing and remodeling the present buildings. The trustees asked for an appropriation of $150,000 to completely rebuild the college, but in the light of the action of the synod, it is probable that the present college building will be transformed into a dormitory, and a new college lecture hall erected.

Rector George Schick, of this city, was placed upon the honorable pension roll by the synod, and will receive his full salary for life. Rev. Schick is 71 years of age and in feeble health.

SEVEN YEARS WERE A BLANK

SIMEON EUSTACE LOST HIS MEMORY.

Went After Beefsteak and Did Not Return—Recovered Memory in Fort Wayne.

(Special to The Sentinel.)

Binghamton, N. Y., June 10.—After losing his identity and forgetting himself for seven years Simon Eustace, of Ararat, Pa., has returned to his home with the errand for which he started. Seven years ago Eustace, who had been recently married, left his home to procure a beefsteak. He failed to return and searching parties were organized, but no trace of him could be found.

Descriptions of the missing man were advertised and after a weary wait of three years his wife gave him up for dead and remarried a year ago. Her second husband died and last Sunday Eustace shocked his wife by walking into their former home and handing her a steak. He said he could not remember a thing of his past life until a short time ago. He came to himself in Fort Wayne, Ind., where he was agent for a washing machine.

The situation dawned on him with flashlike distinctness and he even remembered the errand on which he started. He came east and finding his wife was living alone at the old home, procured a steak and took it to her. They have been remarried and are enjoying a second honeymoon.

No one could be found in Fort Wayne this afternoon who knew Simeon Eustace.

Four miles north of Ulen three members of the family of Andrew Horim were instantly killed and one other was so badly injured that he may die. Reports from various sections are to the effect that many persons were badly injured.

DAYS OF LONG AGO

(Continued from First Page.)

Monroe—John H. Brown.
Perry—P. G. Dunten.
Madison—William Eagy.
Maumee—Robert Shirley.
Marion—Joseph Falls.
St. Joe—Edward Eley.
Springfield—Charles Starr.

President Vordermark urged that during the coming year each township vice president provide a roster of the old settlers in his jurisdiction and that the various townships come to the next reunion in procession, bringing with them relics of pioneer days that might be interesting both to the older and younger generation.

SOME INFORMAL TALKS.

Following the election of officers there were a number of informal talks by old pioneers that were highly enjoyed. Among those who spoke were G. W. Brackenridge, Chester Scarlet, David Comparet and Charles Pepe. Mr. Comparet spoke with much feeling and enthusiasm, and his reference to those who were pioneers with him in years gone by awakened the tenderest memories. He spoke of pioneer school days in Fort Wayne, of the topographical condition of what is now the center of the city, of the race course, of pioneer sports and pastimes. "Seventy-eight years ago," said Mr. Comparet, "I came to Fort Wayne without a shirt. The memory of the old days is dear to me, but sometimes I think I should like to live a hundred years. Counting up a few days ago I could find but four or five of those who were here with me in my earliest days. This has grown to be a wonderful city, and this organization is a wonderful organization. I hope we may meet in many of these reunions."

Charles Pape could not resist the temptation to tell a pioneer joke upon Mr. Brackenridge and President Vordermark read to the association a letter from another pioneer, Conductor Sylvester McMahon, of the Pennsylvania railroad. The vocal music interspersing the exercises was highly enjoyed by the old settlers.

DINNER IN THE GROVE.

Shortly before 12 o'clock the adjournment was taken, and the old settlers boarded street cars for Williams' grove, where the picnic dinner was to be enjoyed. A photographer was waiting at the court house entrance, and as the venerable granddaughter of Chief Little Turtle emerged from the building with her son and Mrs. Neeb the trio was photographed at the Calhoun street entrance to the building. Secretary Stapleford then escorted them to the Rich hotel, where they had dinner.

Out at Williams' grove on West Creighton avenue elaborate preparations had been made for the afternoon program. Great baskets of eatables had been brought by the old settlers. Seats and benches were distributed about the park, and great cans of steaming hot coffee, with an abundance of sugar and cream, were awaiting the banqueters, and these were served free. In groups about the park old friends gathered, enjoyed the dinner, talked of old times and related anecdotes of days long since departed. It was a happy, unconventional gathering of old friends and neighbors that for a time cast aside the weight of years and under the inspiration of the occasion were young once more. The picnic dinner of the Allen county old settlers will be a memorable occasion. It was entered into heartily and was thoroughly enjoyed. While the dinner was being eaten the Wayne Tent band gave a program of its choicest music.

GAVE A FINE PROGRAM.

Deep in the center of the shaded grove a speakers' stand had been erected and beside it a platform for the musicians. At one side of the speakers' stand was a portrait of General Wayne, and on the other was exhibited a chair made from timbers originally a part of old Fort Wayne. The relic is the property of Henry M. Williams, of this city.

President Vordermark presided, and after the invocation by William Bradfield Dickson, and music by the Monmouth singers, he introduced Lieutenant Governor Gilbert, who addressed the old settlers. Governor Gilbert spoke briefly, but he paid the highest tribute to the sterling worth of the pioneers of northern Indiana and gave them all credit for laying the foundation for the progress and advancement of the day. His address was well received.

Dr. W. H. Stephenson gave Riley's "Home Folks" with excellent effect.

WAYNE'S OLD FLAG.

Dr. Perry G. Moore, of Wabash, was introduced, and he placed on exhibition General Wayne's old flag, giving a brief history of the famous old banner. The flag is of wool bunting, 3½x5 feet in size, with fifteen alternating red and blue stripes and a white linen field, on which is inscribed "A. Wayne, Com'r in Chief." The flag bears evidence of age, but retains much of the original brightness. He purchased the relic in 1885 from the daughter of Mrs. Dixon, a Wea-ah Indian, and tradition says it was presented by General Wayne to Chief She-moc-e-ish about 1795 by the instructions of General Washington with the message "When you see this flag, remember we are friends." Kil-So-Quah was able to give Dr. Moore much interesting data concerning the old banner, and there is apparently no doubt of its authenticity. It is valued very highly by Dr. Moore, who was the guest of Henry M. Williams while in the city today.

The little Misses Marian Purcell and Gladys Haskell delighted the old settlers with a fancy dance and cake walk that was enthusiastically encored.

JUDGE TAYLOR'S LETTER.

Judge Robert S. Taylor was to have been one of the speakers of the afternoon, but the distinguished lawyer was prevented by professional matters which necessitated his absence from the city. Judge Taylor, however, conveyed his regrets in a letter which was read to the pioneers this afternoon. It was as follows:

"Fort Wayne, Ind., June 9, 1902.—John W. Vordermark, Esq., City. Dear Sir:—When you were so kind as to invite me to a participation in the exercises at the Old Settlers' Reunion I had to say to you that my acceptance of it might have a string to it. The string has made its appearance, and it not only pulls me away from the grove, but out of the city and out of the state. It is not known to everybody, but the fact is that there is no other such slave as a lawyer. He really has nothing of his own—hardly a wife and children.

"I am more disappointed than you possibly can be that I have to miss this delightful meeting. The pioneers who came to Indiana in time to see its unbroken forests, its deer, its wild turkeys and other game, and sweeten its cranberries with wild honey, and enjoyed the sleep which comes to people of simple manners, healthful modes of life and outdoor labor are growing few in number. Nothing is more appropriate than that they shall come together once in awhile to renew old acquaintances and recall the events of bygone days.

"I suppose that I am, myself, scarcely eligible to a place among the old settlers of Allen county, as I have lived here continuously only forty-three years. But I have lived in the state since 1844, and when I first saw it in the wilds of Jay county things were pretty new. I think I could swap stories with the oldest of you on the experiences of cabin life and corn dodger diet and all that sort of thing without being at very much of a disadvantage. If there were any place in Indiana where there were bigger trees and more of them, and fewer roads and frame houses, and more frogs and mosquitoes to the square rod than in Jay county in 1844, I do not know where it was.

"To dwell upon the hospitality, honesty and good fellowship of those days, when we were all poor alike, and all neighbors and all friends, is a tempting theme which I have no doubt will have the attention of the old settlers present at your meeting. With the hope that your reunion may be a joyful one, and that it may be but the precursor of many others to follow, I am,

"Very sincerely yours,
"R. S. Taylor."

REV. MUSSON SPEAKS.

Rev. George Musson, of Ligonier, delivered an address to the old settlers that was highly entertaining and enjoyable, and following the musical numbers the old settlers were called upon for reminiscences and songs that proved a very enjoyable portion of the program.

The pie-eating contest by twelve little boys injected a large amount of fun into the gathering, and following some brief remarks by President Vordermark, Rev. J. Webster Bailey pronounced the benediction, which marked the close of the reunion of old setlers, which from beginning to end was a most enjoyable affair.

ABOUT THE COURT HOUSE.

A jury in the superior court passed upon the case of Frank Henkenius vs. Liekauf Bros., in garnishment proceedings this morning and awarded Henkenius, the plaintiff, damages in the sum of $145.00. The proceedings were originally instituted upon a basis of somewhat less than $50, sent to W. W. Rogers at Wheeling, West Virginia. Garnishment proceedings were instituted at eastern points and finally continued to Chicago where they were eventually abandoned. There were about half a dozen witnesses examined at the trial this morning and during the examination it was developed that the evidence and the account was about twenty years old. Garnishment proceedings had been effectuated at Chicago in the meanwhile and the plaintiff was found to have been deprived of his earnings for a considerable period. The jury found that he had been damaged and awarded $145 as a salve. Gilbert, Berghoff & Wood were attorneys for plaintiff.

Wilhemnia Claus sues Max Claus for divorce and pending the disposition of the suit Mr. Claus is enjoined from paying his devoirs to Mrs. Claus and from visiting her boudoir, as it were.

In the case of William P. Cramer vs. James Lillie a judgment for costs was ordered against the plaintiff.

Regina Henkenius files divorce proceedings against George Henkenius. A bill of separation was allowed by Judge Aiken and the plaintiff was given the custody of three minor children.

Matilda Damon sues for divorce from Charles Damon. An order restraining the Western Gas company from paying the defendant wages due him was issued upon filing of the complaint.

H. H. Schnelker yesterday filed his bond as treasurer of the school board of New Haven, in the sum of $6,000. Edward Harper and Henry Koenn, secretary and president, respectively, also filed their bonds in the sum of $2,000 each.

This afternoon May Rigel secured a divorce from Henry Rigel and was awarded the custody of three children and $10 per month alimony for a term of 11 years. This was one of the numerous peculiar cases which never find their way to the entry docket and never to the public, unless dug up by a pick and spade. This divorce case, unless by such publicity as this notice gives it, is not a public record today, so far as the average layman, seeking information at public fountains is concerned.

The first necessity of athletics is a sound stomach. Food is the source of all physical strength, but to extract and assimilate the strength from food requires that the stomach and other organs of digestion and nutrition should be in a condition of good health. What is true of the athlete is true of every man and woman; physical health and vigor depend upon the digestion and assimilation of food.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and by enabling the perfect digestion and assimilation of food, builds the body up with solid flesh and muscle.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater County, Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

SPRING FEVER.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried." Robison Park Theater—Vaudeville.

The canal bill is beginning to promise much gayety in the senate. Advocates of different routes are plunging into debate with a degree of feeling that in some cases indicates more than patriotic interest.

Public interest in the state convention of Pennsylvania republicans does not concern itself with who's who, but whether Quay's man is going to win out or not. It is entirely a matter of Quay's continuance as the embodiment of the republican party in Pennsylvania.

The establishment of postoffice substations in a number of outlying districts of Fort Wayne ought to prove a great convenience and one that the public will appreciate. It will place within ready access of remote sections of the city all the conveniences that can be had at the postoffice in the government building. Postmaster Page deserves hearty commendation for his successful efforts to extend postal facilities in Fort Wayne.

The resignation of Dr. Francis L. Patton from the presidency of Princeton university must have come as a great shock to all of the friends of that great seat of learning. It was entirely unexpected and the more surprising as Dr. Patton's administration had been eminently successful and pleasing. He gives as the reason that he desires to devote his time to literary labors which he could not pursue while charged with the duties of the university presidency. Upon Dr. Patton's recommendation Prof. Woodrow Wilson McCormick, professor of jurisprudence and politics, was elected to the presidency.

In this year of grace 1902 it is somewhat of a jar to [illegible] formed in an Indiana city to drive colored people from the place. That, however, is a bit of history that Decatur has recorded within the past few days. For many years no colored persons had been allowed to reside in that pretty little city, but recently half a score, or thereabouts, of negroes had been brought into the place for service in hotels. Saturday night a mob of fifty men undertook to drive the negroes from town and partially succeeded. It is refreshing to note that another mob was organized for the counterpurpose of protecting the negroes and that it had a good effect on the situation. Race prejudice and hatred has no place inside the borders of Indiana and the Decatur mobbists have done nothing to shed a worthy renown on their city.

President Roosevelt's choice of a surgeon general of the army to succeed General Sternberg does not appear to have been a happy one. Dr. F. H. Forwood, the appointee, was in charge of the big military camp at Montauk Point, Long Island, when enervated and fever-stricken soldiers were hurried home from Cuba a few weeks after the surrender of Santiago, and the mismanagement of that camp amounted to a scandal. Dr. Forwood was at the time charged with showing utter incapacity for the responsibilities resting upon him. Inasmuch as Mr. Roosevelt, who at that time was colonel of the rough rider regiment, had more than any other one man to do with the "round robin" protest to the war department, which ensued in the prompt removal of the troops from Cuba, his appointment to the highest position on the medical staff of the army of the man who came so near causing fatal miscarriage of plans made for saving the soldiers is somewhat curious. It is given out in explanation that Dr. Forwood will retire by the age limit next fall and meanwhile will not have time to do much harm.

BRIGHT'S DISEASE AND DIABETES POSITIVELY CURABLE.

They are curing Bright's Disease and Diabetes in California. The percentage of efficiency (recoveries) in these hitherto incurable diseases averages as high as 87 per cent. The details of the investigation and demonstration of the new compounds are so conclusive that we at once sent for a bundle of the reports and for the new treatment for urgent cases in this city. Call or send for one of the reports at Meyer Bros. & Co.'s drug store. m17-eod-13t

Miss Mary Esmond, of Minneapolis, formerly of this city, was united in marriage June 4 to Dr. J. F. Avery, of Astwin, Minn. Mrs. W. F. Denny, of Omaha, a sister of the bride was [illegible] of honor, and the bridesmaids were Miss Helen Avery and Miss [illegible] Esmond.

ROBISON PARK THEATER.

A good-sized audience witnessed the performance at Robison park theater last night and it is safe to say that they all went away pleased, judging from their hilarious conduct. The performance this week is in many respects better than presented last week, which is saying a great deal. Ben Mowatt and son open the show with a very clever club juggling act. They are expert jugglers and their work is interesting. Pankleb, the comedy clay modeler, is an artist in his line and the way in which he forms the faces of different characters in a few seconds is marvelous. Le-Roy and LaVanion, the eccentric comedians, present an act on the horizontal bars. Both are good comedians and acrobats and naturally convulsed the audience with laughter. Charles Fletcher introduces a new and novel feature in the way of entertainment, called "At the Stage Door." In this you see Mr. Fletcher prepare himself for the stage with paint, powder, etc., all leading up to the impersonations of prominent men. The impersonations are without doubt the best ever seen in this city. Thomas Conrad, property master of the theater, assists Mr. Fletcher with his act and does well for an amateur. The headline act, Hal Davis and Inez Macauley, comes last. They present a very clever little sketch, which deals mostly with racing terms. They are comedians of the highest order and ability and deserve the success they have attained.

LIBERTY BELL AT HOME.

Philadelphia, June 10.—The liberty bell, which has been on exhibition at Charleston, was brought back to this city today and replaced in its position in Independence hall. The train bearing the famous relic reached here from Washington at 9 o'clock and half an hour later it was hauled through the streets to its old resting place, escorted by troops and bands of music. Thousands of people stood along the route of march and cheered as the precious bit of metal passed.

At Independence hall Mayor Ashbridge welcomed the bell home on behalf of the city.

A COUNCILMAN SUSPICIOUS OF FLEMING FRANCHISE.

He Thinks He Scents a Traction Company Scheme in It—News of the City Hall.

It has developed that the Fleming street car franchise will not have so easy sailing as was at first supposed. Later developments and interviews with councilmen show that there is a suspicion that the Fleming proposition is a part of the Fort Wayne Traction company's deal to get down town franchises and terminals without making any concessions not now covered by propositions before the council or covered by franchises already in existence.

One councilman expressed himself as distinctly opposed to the franchise as it stands at present, which would make the passage of the ordinance under a suspension of the rules tonight an impossibility, provided the said councilman stands by his expressed opinion. With the Fleming franchise a fact, the Southwestern extention down Columbia street to Calhoun, the Indiana and Ohio road as routed through the city and the tion company on Clinton street, it is claimed the consolidation of the inclaime dthe consolidation of the interests would give the Fort Wayne company a passenger and freight loop along the streets it has been contending for for years, without any concessions by the Fort Wayne company in the way of fares or paving.

The advocates of the Fleming franchise on the other hand claim that the franchise to the applicant is the only available wedge that will force the Fort Wayne company to eventually accept the city's terms.

Meanwhile the citizens on the outskirts are clamoring for transportation facilities and look at all obstructive measures with selfish eyes. They want extensions, and want them badly, and are not particular as to what sacrifices of public grants muts be made to get them. They want the extensions and their representatives in the council are besieged with importunities to secure them.

All in all, it looks as though the Fleming franchise will go over to another meeting, at the least.

PROTEST AGAINST SWITCH.

At the meeting of the board of works yesterday afternoon property owners along the line of Pontiac street asked that no franchise be granted to the Fort Wayne Traction company to put in or maintain any switches on that street between Calhoun and Lafayette streets, where the street is only twenty-four feet wide. The petitioners also asked that in the event of the franchise along the street being granted, that the company be required to reimburse the property owners for the amount expended by them for street paving on the portion of the street which would be occupied by the company's tracks. The petition was received, made a portion of the minutes and filed. A plat for Gesaman's addition was filed and approved and permits were granted for the laying of sidewalks on Glasgow avenue under private contract. Other miscellaneous business was transacted, after which the board adjourned.

HAD FIGURES TOO HIGH.

Recently the board of works asked for and was allowed an appropriation of $2,000 for the placing of 7,600 street intersection signs. Since then the clerks in the board's office have been making out the list of signs needed, which list was completed today. Instead of 7,600 signs, only about 2,840 will be needed, and instead of $2,000, only about $900 will be needed to buy the signs and put them in position. It probably will be gratifying to know that the city will save money by the revision of the figures, but not particularly encouraging to realize that the board made a mistake of $1,100 on a $2,000 contract, or a mistake of 4,760 signs on a 7,600 job.

CITY HALL NOTES.

Barbara Stahl has been granted a permit to build a $500 addition to her house on Lewis street; Charles Walda, house on Walter street, $1,000; H. L. Miller, house on Illinois street, $1,000.

Marketmaster Ropa realized about $700 from the sale of market stalls last Saturday. The increased revenue from this source for the year was exactly $16.

HORSE RUNS AMUCK.

A stranger drove up to the May-flower mills, on West Columbia street, yesterday afternoon, leaving his horse unhitched at the curb. The animal became frightened and started east, but collided with a delivery wagon, which was upset. The horse then turned short around, and finding the street blocked by teams, took to the sidewalk in front of the Wayne hotel. It upset a quantity of groceries in front of the Ross grocery and continued on to Harrison, taking the Southwestern trench at a bound. The animal ran on the sidewalk in front of the Randall hotel and a traveling man seized the bridle, but the horse continued its course, running south on the sidewalk as far as Pearl, where it took to the middle of the street and continued south on Harrison at breakneck speed, with the owner in hot pursuit. Columbia and Harrison streets were crowded at the time and many people had narrow escapes.

NEWS OF THE POLICE.

There were three—just three—at police court this morning. The first was Tom Taylor. It was not a new experience for Tom and when the judge said it would be about 11 days, Tom looked relieved. He had been there so often before that he thought it would be more. Then came John Dean. John reluctantly confessed that he carried a jag around until it became burdensome. He didn't know where he laid it down, but thought that the policeman had found it all right. When the judge taxed him $11 he never murmured. Henry Long protested that he had not climbed a train in Fort Wayne, but that cut no ice with the judge, who fined him $1 and costs just the same. On second consideration the judge said that he would not fine him, but would continue his case indefinitely, but that if he was found in town within an hour it would go mighty hard with him. Mr. Long said that if the crossing gates would not interfere with his speed anywhere, he thought he could make the Ohio state line in about 28 minutes. When last seen Mr. Long gave all sorts of promise of beating the record.

E. M. Young, of 1520 North Harrison street, reported to the police this morning that if somebody didn't bring his clothes back today he would have to stay in bed. His apparel was stolen from the clothesline last night.

A family quarrel on Van Buren street was settled last night by an officer without making any arrests.

Sportsmen will please recognize the proprietor of the Commercial hotel as a gentleman. He reported to the police department last evening that he had picked up a hunting dog, evidently lost, and would keep him free of charge until his owner called and proved property.

FORCE

A Wheat-Malt Cereal that Tickles Taste and Steadies Nerve

Canastota, N. Y., March 20, 1902.

"FORCE" FOOD CO., Buffalo, N. Y.

Dear Sirs:—I have used a number of packages of "FORCE" since it was first introduced here. I use so much of it I would like to buy it in large quantities, if possible. My husband and I use a package every two days. Every spoonful is an aggravation for more, since it gives us both more strength and fat.

My husband is an engineer, and he takes a whole bowlful to his engine and eats it with one quart of milk. He says it makes him feel like a "young colt." I have a nursing baby—my first child—and I find it gives nourishment in abundance for both myself and baby.

We eat it by the wholesale, and I would like to buy it by the wholesale.

The bull then made another rush, got Mr. Duff on his horns and threw him high in the air landing him on top of a hog pen. That ended the fight. The bull could not get up to the top of the pen and Mr. Duff didn't care to get down to the bull.

BASE BALL NOTES.

Pittsburg is due to lose about one game a week and the loss usually comes early. Yesterday New York, a so-so in the second division, achieved the honor of soaking Pittsburg in the neck. Brooklyn keeps right on being crazy and acts as though she never expected to lose another game and Cincinnati acts as though she never expected to win another. Ten thousand five hundred and twenty persons saw the four games played in the National league yesterday. In the American league Chicago gave Philadelphia a hard bump and for the first time since the opening week stands at the head of the column, the effect being produced by Detroit beating Philadelphia and Chicago trimming up Washington. Other American league games were devoid of special features and the total attendance at the four games played was 10,200. No games were scheduled in the American association yesterday, but at that it happened that all the visiting clubs had postponed games with the home club and in consequence four games were played and those four games played hob with the standing. Columbus again got a safe place, while Indianapolis dropped from second to fourth place. St. Paul surged into second place and Louisville, by everlastingly soaking Strobel's Swamp Angels in the plexus, went in and clinched her hold on third. The total attendance was 3,878. THE MARKETS.

Chicago, June 10.—Fine weather and lower cables depressed grains again at the opening today, but speedy support steadied the declines and even brought about slight advances. July wheat opened 1/4@3/8c to 3/8@1/2c lower at 70 7/8c to 70 1/4c. Early trade was dull. Northwestern receipts were somewhat curtailed and helped in the support that put July back to 71 1/8c with a firm tone. Local receipts were 52 cars, 2 of contract grade. Minneapolis and Duluth reported 98 cars, making a total for the three points of 150 cars, against 158 last week and 442 a year ago.

July wheat rallied to 71 3/8@71 1/2c after the early weakness. Then trade hung rather steady awaiting the government report. July closed steady, 1/2c higher, at 71 1/4@71 3/8c.

July corn opened 1/8@1/4c to a shade lower at 62 3/4c to 62 1/2c on lower cables, the wheat influence and the fine growing weather. The temper of the pit, however, was very nervous. Big receipts of 505 cars were a factor in the early depression. Soon a support for the bull interests brought a rally and a firm tone, July selling at 62 7/8c.

July corn was supported until it touched 63@63 1/8c. Late trading was narrow. July closed firm, 1/8@1/4c higher, at 62 7/8c.

Oats were easier with other grains, July opening 1/2c lower at 38c and steadying near 38 1/4c. Good weather and liberal receipts at 237 cars prompted selling and the early tone was rather weak.

Provisions were very dull early. Hogs were weaker, but packers seemed determined to keep on manipulating products for higher prices and at the opening would not let prices slip back. Conservative commission houses are advising their clients that while provisions are much higher than legitimate conditions warrant, the packers have the holdings so concentrated and the market is so narrow that prices can be boosted at the will of the stock yards clique. July pork opened 2 1/2c down at $17.47 1/2 and sold at $17.50; July lard unchanged at $10.32 1/2 and advanced to $10.35, and July ribs unchanged at $10.37 1/2 and sold at $10.40.

A REAL FRIEND.

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant, of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail, one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. Meyer Bros. & Co.

The Danger Period for the Nervous and Broken Down in Health is Rapidly Drawing Nigh.

Paine's Celery Compound

Banishes all Symptoms of Disease and Nourishes the Nervous System.

Paine's Celery Compound has saved thousands of people from nervous prostration and collapse brought on through sleeplessness, weakened nerves, and impoverished blood. The great medicine has made thousands well. It has conquered weakness and ill health when everything else has failed.

This is the time when nervous debility and nervous prostration begin to manifest themselves. The coming hot weather will only add fuel to the fire of suffering and disease.

If there is mental depression, loss of energy, lack of vivacity, dullness of the eyes, blanched cheeks and lips, confusion in the head, defective memory, love of solitude—all these are direct indications of coming nervous collapse, and call for the immediate use of that nerve feeder, strength giver, and blood enricher, Paine's Celery Compound. This Heaven-sent prescription is a peerless remedy for your dangerous troubles. President T. J. Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers of the United States, writes from Pittsburg, Pa., as follows:—

"In 1899 I was compelled to abandon my profession because of nervous prostration consequent upon exposure, hard study, and overwork. A number of physicians declared I would never recover, but I tried Paine's Celery Compound, and in less than a year increased in weight from 141½ to 213 pounds. During the recent strike of the Steel Workers, finding myself ready to collapse, and fearing a recurrence of my former trouble, I returned to my former friend, Paine's Celery Compound, and already am feeling more vigorous and able to meet and discharge the duties of my office."

ROAD INSPECTION

NICKEL PLATE AND GRAND RAPIDS OFFICIALS AT IT.

CANNIFF HERE LAST NIGHT

MR. M'CREA AND PARTY WILL COME THURSDAY.

BRAKEMAN CLARK KILLED

MEETS WITH MISFORTUNE ON THE WABASH ROAD.

The Nickel Plate officials were out inspecting the line yesterday and spent the night in the city. President William Canniff, in his special car, came in on train No. 3 at 5 o'clock last evening and remained here until 2 o'clock this morning, when he continued the westward trip on train No. 5. General Superintendent A. W. Johnson, accompanied by Supt. S. K. Blair and Car Accountant W. J. Robertson, came down from Chicago on a special train last evening and met Mr. Canniff in conference in his private car. Mr. Johnston and party left by special train for the east at 7 o'clock this morning. Dr. J. M. Dinnen joined them on the trip to Bellevue.

Another inspection party to pass through this section of the country today was headed by President James McCrea, of the Grand Rapids and Indiana, who was en route from St. Louis to Mackinaw City, over the Vandalia road. In company with General Manager J. H. P. Hughart and the division officials Mr. McCrea will make an inspection of the Grand Rapids and Indiana road in its entirety. The party will leave Macinac on a special train at 7 o'clock tomorrow morning and will probably reach this city Thursday afternoon.

HAS GOOD POSITION.

John McLaughlin, for several years fireman for Engineer J. A. Swartz, on the Nickel Plate, has received the appointment of superintendent of the mechanical department of the big Prescott mines at Prescott, Ariz. This appointment carries with it a salary of $3,000 annually, which is a decided increase over the earnings of a locomotive fireman. Bellevue is McLaughlin's home, but he has always worked on the Third district and he was here nearly as much as he was in his home city. He is a massive fellow, over six feet tall and weighing over 250 pounds, and he is just as good-natured and kind-hearted as he is great in avoirdupois. His chief "failing" is an abnormal appetite for tobacco and the "boys" say he can "mow away a whole package of Mail Pouch at one stroke." When it was learned that John would leave Bellevue last Saturday, on No. 3, for Prescott, a friend passed the word down the line and requested agents and operators to meet the big fireman at the train with a package of his favorite brand. They did and when McLaughlin left Fort Wayne he had his pockets full of "Mail Pouch" tobacco and a pile of packages on the seat at his side. Mrs. McLaughlin and the children will follow him to Arizona as soon as he can provide suitable quarters for them. The Nickel Plate enginemen rejoice in the good fortune which has fallen upon Mr. McLaughlin, but they regret his departure from their midst.

CHOOSE INTERURBAN ROUTE.

The committee from Howard Council, No. 246, Royal Arcanum, which has in charge the arrangements for the excursion to Huntington next Monday evening to attend the celebration of the twenty-fifth founding of the order, has selected the Fort Wayne and Southwestern route because the excursionists can go and come at an hour best suited to their conveniences. The invitation to the Howard council members includes their wives and members of their families also and it is quite probable that there will be 200 or 300 people in the party. The banquet will be preceded by speaking in the lodge hall and a musical program.

IN HIS NEW OFFICE.

Contractor John Sulzer, who will build the Pittsburg round house, has moved into his new office at the site of the round house and will spend a good portion of his time there until he has completed his contract. Mr. Sulzer is now getting the material on the ground for the erection of a house in which to keep the cement and other perishable material. This house will be large enough to hold eighty carloads of material. Mr. Sulzer will also bid on the new shops, bids for which are now being received.

AUXILIARY ELECTION.

The departure of Mrs. John Casey for Baltimore, where her husband holds a responsible position in railway shops, and the resignation of Mrs. J. Byankie caused vacancies in the official ranks of the Ladies' Auxiliary to Friendship lodge, No. 70, I. A. M. These vacancies were filled by election at the last meeting of the auxiliary and the roster is now as follows:

Past President—Mrs. William Schultz.
President—Mrs. Ed Crosby.
Vice President—Mrs. J. Collis.
Secretary—Mrs. Sophia Seibt.
Recording Secretary—Mrs. John Stevens.
Chaplain—Mrs. John Sinclair.
Conductor—Mrs. Henry Lapp.
Sentinel—Mrs. C. Cook.

The lodge is quite prosperous, but it does not grow as rapidly as some of the ladies would like to have it. They feel that the wife of every union machinist should belong to the auxiliary and they will work with a view of obtaining this object.

CONDUCTORS PROMOTED.

Frank E. Leninger, a conductor on the Pittsburg road, has been promoted from the freight to the passenger service. It is understood that he will have charge of the Warsaw-Winona train during the summer. Al. Miller, it is understood, is also to be promoted from the freight to the passenger service of the Pittsburg road, the same to become effective next Sunday, when the new fast passenger trains go into service. This train will require four crews on the western division and will be the means of other promotions among the trainmen as well as promotions among the enginemen.

DIED FROM HIS INJURIES.

The remains of Roy Clark, a brakeman on the Detroit division of the Wabash road, were taken through the city this morning, on train No. 8, en route to Ashley, the late home of the deceased. Clark was injured while on duty yesterday and was taken to the Peru hospital on train No. 5 at 8 o'clock last evening, but he was so badly hurt that he died soon after he reached Peru. The particulars of the accident were not reported here. Mr. Clark was a brother of Mrs. Hostermann, of Baker street, who was notified by telegraph of the accident and she accompanied her injured brother to Peru. She also accompanied the remains to Ashley.

WRECK ON CROSSING.

A wreck on the Cincinnati, Hamilton and Dayton road, at the Nickel Plate crossing in Leipsic, O., yesterday afternoon blocked both of those roads for awhile. The engineer on the C., H. & D. train lost control of his engine and dashed through the crossing gates and then piled two or three cars upon the crossing. Nickel Plate passenger train No. 3 was delayed nearly an hour by the accident. President Canniff was on the train.

LAMPS TO LONDON.

Another good consignment of Wood's latest arc lamps left the Electric works this morning for London, Eng., where many similar shipments have been made during the past three months. Other shipments from the works today were a thirty-five-light arc machine to Mannington, W. Va.; a twenty-horse power motor to Dir Bros., Vicksburg, Mich., and a large switchboard outfit to Southampton, N. Y.

JACOB STIER RECOVERS.

Jacob Stier, foreman of the Bass foundry, whose serious illness was mentioned in The Sentinel last week, has recovered and this morning he resumed his duties at the shop. He was given a hearty greeting there by the men, with whom he has so long worked and with whom he is very popular.

MACHINIST RESIGNS.

After a service of thirteen years, John Federspeil, a machinist, resigned his position at the Fort Wayne Electric works this morning to take a better position at the shops of the Western Gas Construction company. His departure from the electric works was attended by feelings of regret on the part of Mr. Federspiel and the men who were so long his associates.

PENNSYLVANIA PAY CAR.

The Pennsylvania pay car will arrive in the city one week from tomorrow evening and remain here until the following Friday morning, paying the shopmen and trainmen on Thursday, the 19th. The car will arrive just in time to supply the men with money for picnic purposes, the annual excursion and picnic coming off Saturday, the 21st.

MASTER MECHANICS' MEETING.

Motive Power Supt. D. F. Crawford has called a meeting of the master mechanics of the northwestern system of the Pennsylvania for next Thursday. The meeting will be held in Mr. Crawford's office and it will be attended by Masters Mechanics B. Fitzpatrick, W. Bishop, W. F. Beardsley, G. P. Sweeley, J. Dalman and T. B. Hunt.

OFF FOR A WEEK'S PLEASURE.

Engineers John Abercombie, Al Lopshire and T. B. Church and Firemen R. Jones and O. D. McCrory, of the Grand Rapids and Indiana road, composed a fishing party which left on No. 7 this morning for Wolcottville and thence to Dallas lake. The party is well equipped with fishing tackle and bate and will spend a week on the lake.

INDUSTRIAL NOTES.

L. E. Gage, of the Pittsburg store room, is sick.

George Londoerfer, of the Wabash freight house, is sick.

Traveling Engineer A. S. Mead, of the Wabash, is in the city today.

H. Lerch, night air brake inspector at the Pittsburg round house, is sick.

Machinists T. A. Tegtmeyer and Otto Swayne, of the Wabash shops, are sick.

A. Diland has taken a position in the fine department of the Pittsburg shops.

Guy Overpack has taken a position in the coil department of the Electric works.

Guy Thompson, a boilermaker, went to Peru this morning to repair the boiler in the Wabash elevator.

John P. McMillian, recently elected mayor of Ashtabula, O., was formerly a conductor on the Lake Shore road.

Conductor S. S. Smick, of the Grand Rapids and Indiana, is improving and will soon be at his duties on the road.

Freight Agent Joseph Sullivan, of the Wabash, went to Toledo this morning to attend a meeting of Wabash freight agents.

J. E. Finley and H. Wenkler, car builders at the east shops, are off duty on account of accidents. Mr. Finley had a hand hurt.

O. E. Parker, of Logansport, an employe of the Panhandle road, is in the city to receive instructions at the Bass foundry in car wheel inspecting.

Brakeman J. Henciman is sick and Brakeman C. Vardiman is kept from work by sickness in his family. They are Nickel Plate employes.

J. VanVleit, a draughtsman, has taken a position in the Bass offices. He was formerly employed in the Union Iron works, San Francisco, Cal.

P. V. Kimmel and J. J. Wilhelm, truckmen in the Pittsburg freight house, each had a hand cut while at work last night and are off duty. Neither accident is serious.

William Scheumann, moulder, resumed work at the Bass foundry this morning after an absence of two weeks. His daughter had the scarlet fever and he was quarantined.

President William Canniff and General Superintendent A. W. Johnston, of the Nickel Plate, were in the city last night. The former came from the east and the latter from the west.

Charles Brennen, of the Electric works, is disposed to feel proud over his achievements in a piscatorial way at Rome City last Saturday. He succeeded in catching a nine-pound pike at that place.

A lady who resides on Force street was struck by one of the Nickel Plate safety gates as it was being lowered at 6 o'clock last evening and knocked down. She sustained severe bruises on the head.

W. H. Shelvey, who has been running a switch engine in the Lima yards for some time, fell and hurt his back yesterday and will be unable to work for awhile. Engineer Joseph Stewart, of this city, sustained similar injury yesterday.

Mr. and Mrs. E. H. Miller, who had been visiting relatives in the city, left this morning for southern Illinois, where they will visit a few days before going to their home in Chanute, Kan. Mr. Miller holds a responsible position with the Santa Fe in that city.

Michael Rogan, who had an operation performed upon his nose six weeks ago at the Wabash hospital in Springfield, has recovered and this morning he resumed his duties in the shop. A. Tracey, also a Wabash boilermaker, returned from the hospital last night. He had an eye hurt a week ago and it will be some days before he can resume work.

J. E. Noble, of the Bass Foundry and Machine company, yesterday secured a contract from the McCray Refrigerator company, Kendallville, Ind., to build an 150-horse power boiler and all the fixtures. Mr. Noble went to Wabash this morning on business for the firm.

Brakeman J. S. Dick, who had been engaged in building a house and a barn on his recently purchased lot, resumed work on the Nickel Plate yesterday, after an absence of six weeks. Brakeman C. B. Lyons, who was off for private reasons, also reported for work last night.

The Sentinel was incorrectly informed concerning the base ball game between the Pittsburg employes' clubs Saturday. The informant got his "dates mixed," it appears. The planing mills boys won by a score of 16 to 17. At the end of the sixth inning it looked very discouraging for the planing mills, the score then standing 6 to 15 in favor of the east shops. Then the planers began to get busy and while their opponents were making one more tally they made eleven, giving them the game. Schroyer and Schramm for the planing mills and Sunley and Daseler for the east car shops were the batteries.

VIRULENT CANCER CURED.

Startling proof of a wonderful advance in medicine is given by Druggist G. W. Roberts, of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, Salve 25c, at Dreier & Bro.

Mrs. J. W. White will entertain the members of the West End Pedro club on Wednesday evening. It will be the closing meeting of the club for the season.

PRICES ARE GOING UP.

FURNITURE AND CARPETS WILL COST MORE.

Soliday, Hite & Co. Bought Their Immense New Stock Before the Raise.

Public Will Get the Benefit, as the Firm Will Sell Goods at the Old Prices—The Firm is Doing Big Business.

A representative of the large eastern carpet mills was a caller at the store of Soliday, Hite & Co., yesterday afternoon and a Sentinel reporter had the pleasure of an interview with him on the subject of carpets. "The prices of carpets are going up," said the gentleman, "the cost from the mills now running about ten per cent. increase over what it was a few months ago."

"The fact of the matter is, that both furniture and carpets are higher," said Mr. George W. Soliday. "How do we account for it? Well, the higher price of wool and better prices for labor is what causes carpets to go up, perhaps, and in furniture, the reason is that timber is getting scarcer each year, and the demand so great that the mills cannot turn it out fast enough."

Both of these reasons are logical ones, and it is certainly true that both furniture and carpets will cost more from now on. It is fortunate that the new stock of Soliday, Hite & Co. was bought before the raise, because Mr. Soliday had stated that, although today the cost of goods is higher, the prices will not be raised by Soliday, Hite & Co., inasmuch as the firm made its big purchases before the increase in prices. The public cannot afford to lose sight of such an important matter as this. Soliday, Hite & Co. have one of the largest stocks of furniture and carpets in the state. The goods are new and fresh from the mills and manufacturers. By making your purchases there you will not have to bear an extra burden on account of higher prices.
